

OFFICE of the
**INSURANCE
COMMISSIONER**
WASHINGTON STATE

November 1, 2023

Hello,

The Insurance Commissioner's office (OIC) is providing an update in this matter. The OIC is authorizing continued use of CAQH or an alternative vendor through February 29, 2024, due to ongoing discussions among participants in the OneHealthPort credentialing work group.

The OIC will continue to monitor the situation and adjust its approval, as necessary.

Please submit additional questions regarding OIC's extending approval for health plans and providers to continue using CAQH or an equivalent to oinetworkaccess@oic.wa.gov. In your email, please use "questions related to Medversant Credentialing services" in your subject line.
