
Bree Collaborative | Treatment for OUD Revision

October 15th, 2024 | 3-4:30PM

Hybrid

MEMBERS PRESENT VIRTUAL

Charissa Fotinos, MD, WA HCA

Tom Hutch, MD, We Care Daily

John Olson, MD, Sound Behavioral Health

Amanda McPeak, PharmD, Kelley-Ross

Liz Wolkin, HCA

Jason Fodeman, MD, L&I

Maureen Oscadal, RN, CARN, Harborview

Tina Seery, RN, MHA, CPHQ, CPPS, CLSSBB,

WSHA

Dan Floyd, King County

Herbie Duber, DOH

Cris DuVall, Island Drug

Everett Maroon, Blue Mountain Heart to Heart

Ryan Caldeiro, MD, KP

Mark Murphy, MD, MultiCare

Nikki Jones, United Healthcare

Tina Seery, WSHA

Sue Petersohn, Multicare

David Sapienza, MD

Ryan Caldeiro, MD, KP

STAFF AND MEMBERS OF THE PUBLIC

Beth Bojkov, MPH, RN, Bree Collaborative

Emily Nudelman, DNP, RN, Bree Collaborative

Emily Nudelman, DNP, RN, Bree Collaborative

Susanna Barnett, WSMA

WELCOME

Beth Bojkov, MPH, RN, Bree Collaborative Staff welcomed the group to the August meeting and reviewed the agenda for the day.

Action: Unanimously approved September meeting minutes.

PRESENT & DISCUSS: TREATMENT FOR OUD REPORT GUIDELINES

Emily Nudelman, DNP, RN, presented the implementation checklist tool to support the translation of the report by audiences listed in the report. The checklists guide where to begin and translate the Bree guidelines into action steps for that sector (i.e., clinician, health delivery site, health plan, purchaser, etc.). The action items have been arranged into levels 1, 2, and 3 to correspond to the difficulty level of implementing the action into the sectors' setting. Dr. Nudelman has drafted the checklist tool for some of the audiences listed in this report. Dr. Nudelman sought feedback on the draft and how each guideline was organized into the corresponding levels. Members were asked to join a breakout room representing an audience they either identify with or would like to provide feedback on. Bree staff facilitated reviewing the drafted checklist with the different breakout room participants. Bree staff will incorporate member feedback into the final design of the checklist.

Read a draft version of the checklists [here](#) under October materials.

PRESENT & DISCUSS: EVALUATION FRAMEWORK

Beth Bojkov presented the Evaluation Framework. The Evaluation Framework outlines future evaluation activity that is intended to measure the uptake, concordance of care, outcomes and impacts of the Bree

Collaborative's *Opioid Use Disorder Treatment Guidelines* during the life-cycle of the report. The framework was developed by the evaluation subcommittee.

- This document details the evaluation framework within which the future evaluation[s] of this guideline may be conducted.
- The document is meant to provide alignment across multiple audiences for the purpose of comparison and to facilitate state-wide measurement on the progress and outcomes of the adoption of the Bree guidelines.
- The framework provides guidance for different types of evaluations at different levels across the healthcare ecosystem. It details the reasons behind recommendations for particular types and timings of evaluation activities, makes recommendations for types of evaluations by audience, identifies domains for the development of evaluation questions, and identifies the data which should be available, or which will have to be collected to answer these questions.

Read a draft version of the framework [here](#) under October materials.

PUBLIC COMMENT AND GOOD OF THE ORDER

Beth invited final comments or public comments, then thanked all for attending. At the next workgroup, we will review our public comment themes, drafted changes to the report, and finalize our report and guidelines before sending to the Bree Collaborative for adoption in November 2024. The workgroup's next meeting will be on **November 5th, 2024, 3-4:30PM**.
